For Immediate Release

SAN FRANCISCO/EWORLDWIRE/June 3, 2010 --- HAND in HAND custom jewelry design is thrilled to announce that two more One-Of-A-Kind HAND in HAND originals have been published in the book 500 Gemstone Jewels by Lark Publishing. This newest entry in their acclaimed 500 Series showcases the works of some of the most renowned and influential jewelers in the international jewelry industry. The pieces showcase a rainbow of stones, from rough and natural to fully-faceted precious jewels and were selected for inclusion by a juried panel of industry leaders.

"Having two more one-of-a-kind HAND in HAND originals become internationally published pieces is an incredible privilege and honor. As an artist, to have your designs be recognized as some of the best pieces of wearable art and luxury fine jewelry in the world by the design community and to have our work sit HAND in HAND with other world-renowned designers' creations is just a tremendous validation," says Marc Stiglitz, HAND in HAND's founder and head designer. "It's not only a phenomenal accomplishment for us as a company, but more importantly, it's an amazing distinction for our clients whose unique stories & celebrations inspire each one-of-a-kind HAND in HAND original. To have such an honor bestowed on their exclusive pieces only enhances their overall value and mystique."

"This kind of press is priceless for a boutique, custom fine jewelry design firm like HAND in HAND," states Kim Stiglitz, director of marketing. "We are already renowned for our stunning, personally meaningful, one-of-a-kind designs and this gorgeous book will expose us to even more global consumers who are looking for something truly one-of-a-kind in a world of mass production."
